Graduate & Professional School Fair

Program Directory

Wednesday, Sept. 27, 2017
4:00 – 6:00 PM

Alumni Hall – Hopkins Center

Sponsored by the Center for Professional Development
IMPORTANT INFORMATION ABOUT THE FAIR

WHY SHOULD YOU ATTEND THE FAIR?
- Gain detailed information about schools and programs.
- Meet admission representatives from each school and learn specifics about their application process.
- Explore the possibilities and options for attending graduate school in the future and if this is the right fit for you.
- Determine a timeline as to when you would attend graduate or professional school.
- Gather information that you can review in more depth in the future.

HOW SHOULD I PREPARE?
- Research the schools attending in advance (scroll down).
- Allocate enough time to visit multiple schools, create a targeted list of schools you are interested in.
- Determine potential important criteria for you when exploring schools, i.e. location, size, diversity of student body, financial aid and support, faculty research topics, employment outcome data.
- Develop a list of 3 – 5 questions to ask admission representative (visit the CPD website to learn more).
- Determine why and if graduate school is needed for your career advancement.
- Be prepared to answer questions like, "why are you interested in X school?" or "when do you think you'll attend graduate school?"
- Bring a bag or folder to put school brochures or pamphlets in.

THE DAY OF
- Dress business casual.
- Introduce yourself, major, year and a brief overview of your interests/desires.
- Ask questions that will advance your understanding of their program, admission process, financial aid/scholarships, student life, faculty, employment outcomes and other important criteria.
- Ask for a business card before leaving – follow up with a thank you email or further questions you may have.
SAMPLE QUESTIONS

Admissions Process
- What is the admission selection process like? Who is part of the selection committee?
- Are decisions made after an application deadline or on a rolling basis?
- Is there any early decision deadline? How many applicants choose to apply early decision?
- When do you typically inform applicants about admission decisions?
- What do you look for in assessing an applicant's character or personality?
- What entrance exams/tests are required for admission? How important is it as part of the application process?
- Is it important to have employment experience before applying to graduate school?
- How do you value extra-curricular, athletic, leaderships and/or civic/community engagement as part of the application process?
- What makes a valuable letter of recommendation?
- What other key aspects do you value about the applicant when evaluating their overall application?

Curriculum/Faculty
- What is the faculty/student ratio? How would you best describe faculty/student relationships?
- What areas of research do faculty members currently focus on?
- How are classes typically taught in the first year? By faculty members or by TA's?
- Are there joint degree programs or offerings?
- Is there flexibility to take electives within the program's curriculum?
- Are any courses taught remotely or online? If so, by who?
- Is a thesis, dissertation or comprehensive exam required as part of the graduation requirement?

Student Body
- How would you describe the diversity of the student body?
- How is the supportiveness of the student body?
- What types of opportunities are there for student organizations and involvement?
- What types of resources are available for students registered with a disability or learning disorder?

Career Services/Employment
- What types of career services and resources are available to find employment post-graduate school?
- What kind of jobs or employers do graduates typically target as part of a job search?
- What is the percentage of graduates employed in relevant fields upon graduation, 6-month out, 9-month out or one-year out?
- If a multiple year program, what do students do in their summer between years?
- Are internships, clinics, externships, etc. required or offered as part of the program?

Financial Aid/Scholarships
- What type of financial aid is provided for graduate students?
- Do you provide merit and/or needs-based scholarships or aid?
- Are there any additional fees that aren’t currently outlined in the tuition package?
- Is there on-campus housing for graduate students?
- Are there graduate or teaching assistantships that provide stipends?
PARTICIPATING SCHOOLS

American University Washington College of Law, Washington, DC
Law
http://www.wcl.american.edu/

Located in one of Washington, D.C.’s most beautiful neighborhoods, American University Washington College of Law is just minutes from downtown and at the center of policy, business, and all things international. Established in 1896, it was the first law school in the country founded by women, ensuring that both men and women had an equal opportunity to study law. The law school promotes an environment of opportunity with unparalleled access to all that Washington, D.C. has to offer and an emphasis on experiential learning through the renowned Clinical, Trial Advocacy, and Externship programs. In addition to its renowned international law program, the law school offers a rich curriculum in public interest, administrative, business, intellectual property, environmental, and human rights.

Programs include Counseling Psychology, Criminal Justice, Education, Health Emergency Management, Industrial/Organizational Psychology, MBA, Social Work and more than 18 different certificates that all fit in our masters programs.

Bastyr University, Kenmore, WA
Health/Medicine
http://www.bastyr.edu

A pioneer in natural medicine, Bastyr University is a nonprofit, private university that is at the forefront of developing leaders in natural health arts and sciences for the 21st-century. Bastyr offers graduate and undergraduate degrees in science-based natural medicine that integrates mind, body, spirit, and nature. The University is also a leader in conducting cutting-edge research in complementary and alternative medicine and in offering affordable natural healthcare services in its local communities.

Boston College Law School, Boston, MA
Law
www.bc.edu/law

BC Law has earned a national reputation for the highest standards of excellence. As a Jesuit law school, it continues to set itself apart from other schools in three important ways: fosters a learning environment that is collaborative and supportive; provides a well-rounded professional education that enables graduates to excel in a variety of careers; teaches legal skills within a context of moral values, preparing students not only to be good lawyers, but also to lead good lives. DEGREE PROGRAMS: JD, LLM; JD/MBA, JD/M.Ed or MA in Education; JD/MSW; JD/MA or Ph.D in Philosophy; JD/MA in Urban and Environmental Policy & Planning; JD/MA in International Law & Diplomacy; JD/LLM.

Boston University Graduate School of Arts & Sciences, Boston, MA
Arts & Sciences
https://www.bu.edu/academics/grs/

The Boston University Graduate School of Arts and Sciences offers 90 different degree programs across many different disciplines. With our robust PhD programs and innovative Master's degree programs, we have many options for potential students. The city also influences the energy and culture of our campus as we are located in one of the hubs of Boston. Any students with questions about the Graduate School or Boston University should stop by our table and chat with one of our representatives!
Boston University School of Law, Boston, MA

Law
www.bu.edu/law

Boston University School of Law offers one of the finest legal educations in the nation, attracting students from all over the country and abroad. A pioneer in American legal education, the school was founded in 1872 on the principles that legal education should be open to all men and women of ability with regard to background or believes, and that it should balance theory and analysis with practical training. Today, the school’s innovative curriculum combines theoretical courses, clinical training and specialized offerings – including concentrations, dual degrees and semesters abroad. The full-time faculty of distinguished scholars and teachers ranks among the most productive of the nation’s law schools. The students represent a range of educational backgrounds, ethnicities, race, age groups, and employment histories – evidence of the school’s “open-door” admission policy, a firm part of its tradition for over 135 years.

Brooklyn Law School, Brooklyn, NY

Law
www.brooklaw.edu

Brooklyn Law School offers the ultimate urban campus, uniquely situated in New York City, at the intersection of Brooklyn Heights’ beautiful historic district, the Brooklyn Civic Center, and downtown Brooklyn. Our curriculum allows you to explore any aspect of the law that interests you. We offer a flexible J.D. program that can be earned in 2, 3, or 4 years. The strength of our outstanding faculty lies in their ability to guide, teach, and lead. Recruitment programs, internships, and a strong alumni base (23,000) will broaden your networking options giving you a competitive edge. Please visit brooklynedge.brooklaw.edu for more information. We offer beautiful and affordable housing, guaranteed during your first year.

Brown School at Washington University in St. Louis, St. Louis, MO

Social Work & Public Health
http://brownschool.wustl.edu

The Brown School is a launching pad for innovators, entrepreneurs and leaders, where students are united by a passion to help others by creating significant positive impact. The School’s Social Work and Public Health programs prepare students for leadership in their fields, and the student experience is guided by an outstanding community of faculty and over 500 affiliated community and global partners. We would love to discuss the opportunities offered by the Brown School and answer any of your questions.

Columbia University Postbac Premed Program, New York, NY

Health/Medical
http://gs.columbia.edu/postbac/

Founded in 1955, Columbia University Post baccalaureate Premedical Program is the oldest and largest program of its kind in the United States. With an internationally recognized faculty, Columbia’s commitment to post baccalaureate premedical and pre-health students is proven by a placement rate of up to 90 percent of our graduates in American medical schools.

Columbia University, Mailman School of Public Health, New York, NY

Public Health
www.mailman.columbia.edu

Public health is a broad multi-disciplinary field, applicants to the School come from a wide range of undergraduate and graduate programs including the social sciences, humanities, business, sciences, and clinical programs. All applicants must have a Bachelor of Arts or Bachelor of Science degree. Graduate program degrees will also be considered.

Cornell Law School, Ithaca, NY

Law
http://www.lawschool.cornell.edu/

Cornell Law School offers a 3-year J.D. program for 200 students per class, a one-year LL.M. program for about 90 students from countries throughout the world, and a doctoral (J.S.D.) program for about 2-3 new students per year. Cornell Law School has 39 tenured and tenure-track faculty, including 14 with chaired faculty positions; and eleven clinical professors in the legal research and writing program and in clinics at the local, national, and international level. The Cornell Law School faculty is consistently ranked among the top in the country for scholarly productivity and influence.
Cranbrook Academy of Art, Bloomfield Hills, IL
Art
www.cranbrookart.edu
Cranbrook Academy of Art is an independent graduate degree-granting institution offering an intense studio-based experience where artists-in-residence mentor students in art, architecture and design to creatively influence contemporary culture worldwide.

Dartmouth Institute for Health Policy & Clinical Practice, Hanover, NH
Public Health
http://tdi.dartmouth.edu/
Dartmouth offers a one-year full-time accelerated MPH and a two year online MPH program. Both provide a uniquely comprehensive introduction to the U.S. health care systems and its impact on population health.

Our MS in Healthcare Research program trains students to be leaders and researchers in health services delivery and quality improvement. Both degrees have a 56 credit curriculum using an evidence-based approach focused on health outcomes and methods of analysis common to public health. MPH students gain an understanding of the medical care and public health systems. MS students learn to research and implement initiatives that will advance a patient-centered, high quality, cost-effective health care system with access and excellence for all. What makes us different? Dartmouth teaches you to be a new kind of health care leader, grounded in the skills to measure, organize and improve health and health care. Our MPH, MS and PhD graduates are in positions where they bring a fresh understanding of the complexities of American health care and the innovation and dedication to achieve real reform, including clinical practice, health administration, business, health policy, scientific and health services research.

Duke University Nicholas School of the Environment, Durham, NC
Environmental Studies
www.nicholas.duke.edu
Duke University Nicholas School of the Environment offers 2 master’s degree programs: the (MEM) Master of Environmental Management degree and the (MF) Master of Forestry degree.

Emory University School of Law, Atlanta, GA
Law
www.law.emory.edu

We are known for: faculty who are experts in their respective areas of law and dynamic teachers in the classroom a rigorous curriculum attuned to the needs of the legal profession countless opportunities for experiential learning through externships, clinics, and simulation course an environment of support and cooperation that encourages challenging the status quo.

Harvard Kennedy School, Cambridge, MA
Government/Public Policy
www.hks.harvard.edu
Harvard Kennedy School maintains an abiding commitment to advancing the public interest by training skilled, enlightened leaders and solving public problems through world-class scholarship and active engagement with practitioners and decision makers. The school’s master’s programs in public policy and public administration offer the depth, reflection, insight, and excellence of ideas and teaching that can shape future leaders, affect public policies, and make an impact on people and their daily lives.

Indiana University Maurer School of Law, Bloomington, IN
Law
www.law.indiana.edu
As a top 15 public law school, our juris doctor program has earned national acclaim for programs in business, criminal, environmental, intellectual property, tax, and international law. Our Legal Professions course, offered in the first year, is one reason we are considered one of the top innovative law programs. With the relatively low cost of living in Bloomington, our students receive a superb legal education without incurring significant debt. The national location of our 10,000+ alumni offer support and vital career connections. We are ranked as one of the most beautiful college campuses and college towns in the country.
Massachusetts College of Art & Design, Boston, MA
Art & Design
www.massart.edu
Massachusetts College of Art and Design is a public, independent college of art and design. The college's academic and co-curricular programs prepare students from diverse backgrounds to participate in the creative economy as artists, designers, and educators, and to engage in the well-being of their society. As a national leader in visual art and design education, the college influences contemporary culture through the creative accomplishments of its students, alumni, faculty and staff.

Maurice A. Deane School of Law at Hofstra University, Hempstead, NY
Law
www.law.hofstra.edu
JD; JD/MBA; JD/MPH; LLM programs

New York University Silver School of Social Work, New York, NY
Social Work
http://socialwork.nyu.edu/admissions/msw.html
The mission of the Silver School of Social Work at New York University is to educate professionals in a global perspective for social work practice with individuals, families, groups, and communities and to provide leadership in the development of knowledge relevant to social work practice in complex urban environments. The School seeks to fulfill its mission by building and transmitting knowledge that is grounded in empirical research, and that will help to alleviate human suffering, enhance the vitality and caring capacity of communities, and promote the ideals of a humane and just world. The School is committed to the core social work values of: belief in the dignity and worth of all individuals; the centrality and power of caring human relationships; a commitment to social and economic justice that includes freedom from all forms of oppression and access to social goods; and a dedication to practicing with integrity and the highest level of competence. The School educates its students in collaboration with community partners and advances the social work profession through the scholarly contributions of its faculty.

Northeastern University, Boston, MA
Arts & Sciences
www.northeastern.edu
Northeastern is a global, experiential, research university built on a tradition of engagement with the world, creating a distinctive approach to education.

Northeastern University College of Computer and Information Science, Boston, MA
Computer Science
www.ccs.neu.edu
The College of Computer and Information science would like to take this opportunity to promote its Graduate CS ALIGN program which is for students who have graduated with a bachelor's unrelated to computer science and is interested in obtaining a Master's in Computer Science.

Northeastern University School of Law, Boston, MA
Law
http://www.northeastern.edu/law
Experiential learning is a hot topic in legal education today, but at Northeastern University School of Law, it's been our bread and butter for almost fifty years. Central to the experiential learning model we developed in 1968, our Cooperative Legal Education Program allows students to gain invaluable full-time work experience from domestic and international employers. Combining classroom theory and rigorous academics with practical training, Northeastern law students graduate in the same three years as they would elsewhere, but they embark on their careers with at least 1,500 hours on the job. Our commitment to collaboration extends throughout the entire student experience here at Northeastern. The school cultivates a culture of cooperation, inclusion, and mutual respect. Students work together from day one on projects for organizational clients, and without class rank hanging over their heads, they are free to support one another and take intellectual risks. Consistently recognized as one of the best public interest programs in the nation, Northeastern's deep dedication to social justice permeates the curriculum and community. Our talented students, graduates and faculty know how lawyers should do what they are equipped to do and understand the profound difference they can make in the lives of others.
Program in Experimental and Molecular Medicine at Dartmouth, Hanover, NH

Health/Medicine
https://geiselmed.dartmouth.edu/pemm/

The Program in Experimental and Molecular Medicine (PEMM) at the Geisel School of Medicine and Dartmouth College is a degree granting program that encompasses three broad overlapping disciplines: Biomedical Physiology & Immunotherapy, Cancer Biology, Pharmacology & Molecular Therapeutics, and Neuroscience. Our graduate program seeks to train the next generation of scientists and physician-scientists to engage in research in genomic, proteomic, cellular, and organ-based systems for the purpose of translating this knowledge into disease treatment and prevention. Research carried out by faculty and trainees in this program will use the most advanced experimental approaches to understand the pathophysiology of disease and to develop new diagnostics and therapeutics. Students will have the opportunity to be mentored by faculty within both the basic and clinical sciences. The research will employ a broad range of biochemical, biological, and molecular techniques, and will interface with related disciplines such as biostatistics, bioinformatics, structural biology, and chemistry. All students will be given thorough instruction in the fundamentals of cell biology, molecular biology, physiology and pathophysiology, pharmacology, and human genetics. In addition, there will be special courses on designing, implementing and analyzing clinical trials. Thus, this program is expected to provide students with a broad-based understanding of key biomedical problems and to develop their ability to carry out creative biomedical research.

Quantitative Biomedical Sciences at Dartmouth, Hanover, NH

Health
http://www.dartmouth.edu/~qbs/index.html

The QBS program seeks to train highly qualified students in bioinformatics, biostatistics & health data science, and epidemiology for careers in academia and industry. Our philosophy is that the modern biomedical scientist must be able to speak more than one language to successfully collaborate in a highly multidisciplinary environment. Students can apply to either the interdisciplinary PhD program or the Master’s program with a concentration in Health Data Science. QBS offers a standard 15 month MS in Health Data Science to all applicants as well as a 4+1 Yr Program to Dartmouth undergraduates only, who will complete a portion of their coursework before matriculating into the program.

Seton Hall University School of Law, Newark, NJ

Law
http://law.shu.edu

Seton Hall Law supports each student in finding her unique professional path, and then works to ensure that the student graduates into employment that will achieve his aspirations. Seton Hall Law faculty and administration seek lifetime engagement, enabling and empowering graduates to achieve their professional goals, recognizing the limitless opportunities a Seton Hall Law degree offers. The loyalty of the Seton Hall graduate is uncommonly strong and speaks volumes about who we are.

Simmons College, Boston, MA

Arts & Sciences
www.simons.edu

For over 100 years, Simmons has put the needs of our students first. Through an educational promise which combines intellectual leadership with professional preparation, we help students build successful careers and lead meaningful lives. Our renowned coeducational graduate programs include Library and Information Science, Social Work, Nursing and Health Sciences, Behavior Analysis, Public Policy, Liberal Arts, and Education. You can pursue these programs at our main campus in Boston, MA, near Fenway Park. Some of our degrees are also available at satellite campuses in MA or fully online. Visit www.simmons.edu to learn more!

St. George’s University, Grenada, West Indies

Health/Medicine
www.sgu.edu

St. George’s University is a center of international education, drawing students and faculty from over 140 countries to the island of Grenada, West Indies. Its more than 17,000 School of Medicine and School of Veterinary graduates have practiced in all 50 States and more than 50 countries around the world.
Stanford Law School, Stanford, CA

Law

www.law.stanford.edu

At home on the campus of one of the world's leading research universities, Stanford Law offers unmatched opportunities. Our approach to education is distinctly student-centric, defined by the needs and ambitions of future graduates and customizable to each individual student. Create your own joint degree, invent a new course, explore law's intersection with the most dynamic disciplines of the day - the possibilities are virtually limitless. And the advantages extend beyond law school, resulting in the practice-ready skills employers demand, better chances at prestigious clerkships, a high bar passage rate and support when you're ready to launch a career. We are known for our collegial culture, intimate and egalitarian. In this close-knit community, collaboration and the open exchange of ideas are essential to life and learning. Students, faculty, staff, alumni - all support and inspire each other to explore, excel and contribute to the world through law.

Suffolk University, Boston, MA

Arts & Sciences

www.suffolk.edu/grad

Suffolk University is a private institution that offers more than 50 graduate programs through the College of Arts & Sciences and the Sawyer Business School. Positioned in the heart of Boston, Suffolk prides itself on its centralized location, steps from the city's thriving financial, healthcare, political, and social districts. With small class sizes and a focus on providing a dynamic and relevant learning experience for all students, Suffolk ensures that you will acquire the practical tools needed to help you succeed and realize your goals, both personally and professionally.

TestMasters

Test Preparation Organization

www.testmasters.net

TestMasters is the world's leading test preparation company. We help people score higher on standardized tests by improving their skills. Our company is renowned for its live and online courses, groundbreaking research, and extensive instructor training. With TestMasters, dedicated students can surpass even their own expectations.

The University of Texas, Austin, TX

Law

www.utexas.edu/law

Texas Law maintains one of the richest academic programs of any law school in the country. Our faculty is one of the most outstanding in the nation in terms of both scholarly distinction and success in the classroom. We offer 16 clinics and 8 internship courses covering a wide range of legal issues. We are located in Austin, TX which is an eclectic town noted for its politics, scholars, live music and rolling hills.

Tuck School of Business, Hanover, NH

Business

http://www.tuck.dartmouth.edu/mba/

The Tuck School of Business at Dartmouth is a preeminent business school that creates, teaches, and applies life-changing knowledge in a distinctly collaborative community based in Hanover, NH and extending around the world. Tuck's community thrives when its members feel engaged with their work, with each other, and with the broader world. Our uniquely collaborative culture facilitates the creation of wisdom—and thus of distinctly successful leaders. We aspire to create, teach, and apply path-breaking ideas that, through management and leadership, better the world of business.

Tufts University - Friedman School of Nutrition Science and Policy, Boston, MA

Health/Nutrition

www.nutrition.tufts.edu

Established in 1981, The Friedman School of Nutrition Science and Policy is the only graduate and professional school of nutrition in North America. Its mission is to improve the nutritional well-being of people worldwide through the creation of new knowledge, the application and dissemination of evidence-based information and the education and training of future leaders in the field. This mission is fulfilled by bringing together experts from the areas of clinical nutrition, social and public policy, and biomedicine.
Programs of study draw upon the strength of Tufts University's interdisciplinary approach which involves Tufts' seven other schools, the Jean Mayer USDA Human Nutrition Research Center on Aging, and the Frances Stern Nutrition Center. There are several master's degree concentrations that take advantage of this cross collaboration. Research and study topics include Sustainable Agriculture and Food Systems, Domestic and International Food Policy, Nutrition Education and Interventions, Humanitarian Assistance, Epidemiology, Biochemical and Molecular Nutrition, and Dietetics.

The school's rigorous curriculum, research, applied programs and internships provide its students with the opportunity to make significant contributions to the nutrition and health of all populations. In other words, graduates of the Gerald J. and Dorothy R. Friedman School of Nutrition Science and Policy truly make a difference in the world.

**Tufts University Graduate School of Arts & Sciences and School of Engineering**
*Arts & Sciences, Engineering*
https://asegrad.tufts.edu/

Tufts University combines the atmosphere of a liberal arts college with the state-of-the-art technological resources of a research institution with more than 60 doctoral and master's degrees across the arts and sciences and engineering. A low student-to-faculty ratio, world-class researchers, collaborative laboratory facilities, and industry partnerships equip Tufts graduate students with the skills to excel in their chosen specialties and improve people's lives through a passion for innovation and a commitment to excellence. Tufts' programs challenge the traditional boundaries of academic disciplines, and research in our increasingly interconnected global community. Every day, Tufts researchers are developing new tools to improve medical diagnosis and treatment; novel materials for a greener future; smarter, more powerful computers; and innovative ways to educate scholars of tomorrow.

**University of Maine,** Portland, ME
*Arts & Sciences*
www.umaine.edu/graduate

The University of Maine is a national leader in interdisciplinary environmental research, and Maine's leading research institution, offering graduate programs in over 100 areas, from Anthropology to Wildlife Conservation.

**University of New England College of Osteopathic Medicine, Biddeford, ME**
*Health/Medicine*
http://www.une.edu/com

UNE’s College of Osteopathic Medicine (UNE COM) has been transforming students into health care leaders trained to deliver patient-centered, high quality osteopathic primary care while engaging in research and efforts to improve the community health in Maine, New England and the nation.

**University of New England College of Pharmacy, Biddeford, ME**
*Health/Medicine*
http://www.une.edu/pharmacy

A personalized, inclusive, diverse college, preparing the next generation of exceptional pharmacists. UNE’s Pharm.D. Program is taught by dedicated, supportive faculty who provide individualized attention. You’ll be challenged with rigorous coursework focused on the pharmaceutical and clinical sciences while making connections that extend beyond your time at the University.

**University of New Hampshire School of Law, Concord, NH**
*Law*
www.law.unh.edu

UNH Law offers a small intimate learning environment of 250 students in the close-knit legal community of Concord, NH. We offer unique certificate programs in Health Law & Policy, Sports & Entertainment Law and Intellectual Property (a top 10 program). Our practice-based curriculum includes full-time residencies and 5 legal clinics. The Rudman Center of Justice, Leadership & Public Service provides curricular, experiential and financial support for students interested in public service legal careers. Our Daniel Webster Scholars Program is nationally recognized for bridging the gap in legal education and developing client ready lawyers who participate in a 2-year alternative to the two day bar exam.
University of Southern California, Los Angeles, CA
Law
http://law.usc.edu
The University of Southern California, Gould School of Law is a private, highly selective national law school with a 100-year history and a reputation for academic excellence. Under the leadership of a stellar, energetic faculty, the school’s rigorous, interdisciplinary program focuses on the law as an expression of social values and an instrument for implementing social goals. USC is known for its diverse student body, its leadership in clinical education, and its tight-knit alumni network composed of national leaders in the legal profession, business, and the public sector. With approximately 200 students in each class, the school is small, informal, and collegial.

Upper Valley Educators Institute, Lebanon, NH
Education
http://uvei.edu/
For over 45 years, the Upper Valley Educators Institute (UVEI) has been helping talented people with wide-ranging experience become great teachers. We are firmly motivated by one core value: children need and deserve great teachers and great schools.

UVEI differs from most traditional schools of education by reversing the percentage of time allotted to academic theory (for the Teacher Intern Program, ours is 20%) and classroom practice (80%). Our teacher interns spend four days a week, full time, in a classroom with a mentor teacher and one day at seminar in Lebanon, New Hampshire. UVEI’s programs are based on two related, foundational concepts: experiential learning and competency-based assessment. Each competency is demonstrated by the intern at the level expected of a beginning teacher. Candidates may apply for up to 24 graduate credits through a partnership with Upper Valley Graduate School of Education (UVGSE). Additionally, teaching candidates may earn a Master of Arts in Teaching by concurrently enrolling in UVGSE’s master’s program.

Vermont Law School, South Royalton, VT
Law
www.vermontlaw.edu
VLS is a private, independent institution, home to the nation’s largest environmental law program. VLS offers a Juris Doctor curriculum that emphasizes public service and features innovative experiential programs including seven clinics and 14 centers and institutes. VLS also offers joint JD and Master’s or LLM programs.

Wake Forest University School of Business, Winston-Salem, NC
Business
http://business.wfu.edu/
The Wake Forest School of Business is consistently ranked among the nation’s top business schools for offering the most innovative programs in graduate business education. Wake Forest School of Business programs are designed specifically for recent graduates, or those with limited work experience, seeking to excel personally and professionally in today’s marketplace. Our MS in Business Analytics, MS in Accountancy and Master in Management programs build on the skills and knowledge gained in your undergraduate studies and prepare you for a broad range of careers. You’ll build a foundation in finance, marketing, operations, business analytics, accounting, economics, information technology, ethics, organizational behavior, and leadership.

Worcester Polytechnic Institute, Worcester, MA
Science, Engineering & Business
http://www.wpi.edu/admissions/graduate.html
At Worcester Polytechnic Institute, a collaborative environment encourages multidisciplinary research where students find solutions to real-world problems. Graduate students and faculty work as peers to multiply the impact of their expertise and innovation. Their discoveries in the lab and the classroom have global impact, and the world is better for it. Located in Worcester, Massachusetts, WPI is ranked #1 for FACULTY THAT BEST COMBINE RESEARCH AND TEACHING in the 2016 The Wall Street Journal/Time Higher Education. Discover WPI—a premier university for graduate studies in science, engineering, and business.
Yale School of Forestry & Environmental Studies, New Haven, CT

The Yale School of Forestry & Environmental Studies is internationally known for its excellence. Founded in 1900, the school offers master’s degrees and doctoral programs and serves as a locus for research into local, regional and global environmental issues.

Students here establish close relationships with faculty mentors, work in well-equipped laboratories and use the resources of one of the world’s largest library systems. They choose from a broad selection of courses at F&ES and at other graduate schools at the University, including the law school, the school of public health and the school of management. Students with well-defined cross-disciplinary interests can apply for joint degrees at nine different schools. In addition, students can enrich their studies by attending lectures, seminars, films and conferences, and by joining student groups suited to their interests.

Yale School of Management, New Haven, CT

An Admissions Officer from the Yale School of Management will attend the fair to speak with students about the Silver Scholars Program. The Program was specifically designed for college seniors who wish to earn an MBA.
